We looking for someone who can convert a Drag and Drop application from VB6 to VB.NET. The application is used to design labels for a Datamax printer. We do not need changes to the application, just conversion from VB6 to VB.NET

💰 **\$1,500**  
Fixed-price

💵 **Intermediate level**  
I am looking for a mix of  
experience and value

## Attachment

📎 [LabelEngine.PNG \(108 KB\)](#)

**Project Type:** One-time project

**You will be asked to answer the following questions when submitting a proposal:**

1. Do you have experience working with VB6 and VB.NET?
2. Do you have experience working with RS-232/ COM Port Communication?
3. Do you have experience working with Datamax Label Printers?
